

Motorized PCB Depanelizer

V-groove PCB Separator, CWVC-1SJ Feature:

- Robust frame, convenient transportation & affordable price
- Guide can be adjusted vertically to suit different boards
- Cutting speed could be adjusted according to clients' needs
- Excellent for FR4 & Aluminum panels
- Depth of upper circular blade can be precisely adjusted
- Blades are motor driven (110 volt or 220 volt optional)
- Upper and lower circular blades can be re-used after regrinding
- 0.5M stainless steel platform is standard; optional lengths available
- Easy operation

V-groove PCB Separator,CWVC-1SJ Specification:

Model	CWVC-1SJ
PCB Cutting Length (mm)	no limit
Cutting Speed (mm/s)	0~400
Cutting Thickness (mm)	1.0~3.5
Power Supply	110/220 V
Size (mm)	420*280*400
Weight (Kg)	25
Guarantee	1 Year
Delivery	1 Day
Ability	1000 Sets
Min. Order	1 Set
