

## Specification

Model	SH-CTBR1
Temp Range	-40°C to Amb
Dimension Internal	180 Φ × 180 H
Dimension External	350×430×600
Material internal	Stainless Steel SUS 304 With Polishing Finished
Material External	Steel Plate SS 41 with Powder Heating Coated
Material Trap	Pyrex Glass × 2 ea
Power	220V, single-phase

## Feature

Digital Temp Meter is installed. Therefore confirmation of atmosphere in Bath is easy and exact.

Double Glass Trap is easy to be installed and used.

As a tiny size of Case, equipment installation and operation is easy by minimizing installation space in laboratory. ( Wide :350mm / High :600mm )

SH-CTBR1 don't use ordinary Dry Ice or Liquid nitrogen. Therefore it is semi-permanent and economic.

## Option

Stainless Steel SUS 304 Trap
