

Wuhan HTNY-H Portable Hipot Tester

I. Introduction

This product is suitable for all kinds of motor, electrical appliance, instruments and household appliances, and high voltage system of the safety voltage and leakage current test. The instrument has the advantages of convenient operation, safety, reliability, good performance and convenient maintenance.

II. Features

1. The leakage current value of the tested items can be displayed.
2. With time preset and display, test time countdown
3. Alarm current value can be set arbitrarily
4. The output waveform is 50Hz sine wave.

III. Parameters

Special requirements can be customized

Capacity (kVA)	1	
Output voltage (kV)	Range	0~5
	Basic error	±5%
Leakage current (mA)	Range	0~200
	Basic error	±(5%r+3d)
Alarm current (mA)	0.5~200	
Test time	1~99s	
Dimension	320x325x205mm ³	
Weight	12.5kg	
Temperature	0~40°C	
Humidity	≤80%	
Power supply	220V±10%, 50Hz	

IV. Accessories

Tester

Test Wire

Wire Adapter (Optional)

Ground Wire

Manual, Report, Certificate
