

BULLET ICE MAKER

BULLET ICE MAKER

Compact machine with ice making capacity and innovative technology. It offers durability, efficiency and saving. Using quality assured components, it gives excellent functionality and low maintenance.

Used in Refrigerated perishables, Food industries, Biochemical and biological studies, Medical laboratories, Beverage industries, Healthcare, Pharmaceutical.

Also known as Bullet Ice Maker, Ice Maker, Laboratory Ice Maker.

IB11 SERIES BULLET ICE MAKER

- Transparent Bullet Ice
- Air Cooling
- Stainless Steel 304 Exterior
- Adjustable Feet
- Slide Away Access Door
- World Famous Brand Compressor
- Fully Automatic Controller
- Improved Design For Higher Reliability

SPECIFICATIONS

Model	IB111	IB112	IB113
Capacity	20 kg/24 h	25 kg/24 h	50 kg/24 h
Storage Bin Capacity	6 kg	7 kg	14 kg
Refrigerant	R134a		
Condenser Type	Air Cooled		
Overall Dimension	330x470x605 mm	400x543x670 mm	400x510x825 mm
Packing Dimension	405x555x665 mm	470x615x730 mm	470x590x875 mm
Weight	28/32 kg	30/33 kg	35/38 kg
Power	220 W	240 W	380 W
Power Supply	220 V /110 V, 50 / 60 Hz		

Model	IB114	IB115
Capacity	80 kg/24 h	120 kg/24 h
Storage Bin Capacity	25 kg	55 kg
Refrigerant	R134a	
Condenser Type	Air Cooled	
Overall Dimension	500x612x900 mm	680x611x1050 mm
Packing Dimension	560x670x950 mm	750x675x1150 mm
Weight	51/56 kg	70/75 kg

Power	580 W	800 W
Power Supply	220 V /110 V, 50 / 60 Hz
